"£17,367.41" is the answer to the question that Independent Kitchen Studio owners often ask me: "So what are the benefits of working with MHK?"

£17367.41 is the credit one member, with a single showroom recieved as a result of joining MHK last year..... and this credit note was based on only 7 months of membership turnover. This is from a single showroom, They didnt change any of the products or brands they dealt with, they remained independent, and they enjoyed the additional support and advice that MHK offers its UK members.

Some times prospective members find this level of reward difficult to comprehend, but this is the proof. If you aren't with MHK this is a lot of money to leave on the table - several good holidays, a new car or your showroom rent paid?

If you are a kitchen specialist, can you afford to ignore a figure like this?

Drop me a PM, an email or call to find out more. p.wheeler@mhkgroup.co.uk
